Warriewood Surf Life Saving Life  
ANNUAL GENERAL MEETING  
Sunday 30th July 2023 starting at 3pm

### NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the 72nd Annual General Meeting of the Warriewood Surf Life Saving Club Inc. will be held at 3.00pm on Sunday 30th July 2023 at the Warriewood Surf Life Saving Club.

### ANNUAL GENERAL MEETING AGENDA

John Dulieu; President (Chairperson);  
Neil Dyer; Life Member (Chairperson for election of office bearers)

1. Acknowledgement of Country
2. A minutes silence to honour our lost members and fellow lifesavers
3. Attendance (from attendance book)
4. Apologies
5. Confirmation of Amalgamation of the Association with Surf Life Saving Sydney Northern Beaches Inc.

### NOTICE OF MOTION

That affiliation be sought for the 2023-2024 season with Surf Life Saving Sydney Northern Beaches Incorporated.  
Further, that the articles, constitution, by-laws, regulations and resolutions, together with the Awards and equipment of Surf Life Saving Australia Limited and Surf Life Saving NSW be accepted without reservation.

6. Adoption of Minutes of the 71st Annual General Meeting held on 24th July 2022
7. Presentation and Adoption of the 2022/2023 Financial Statement
8. Presentation and Adoption of the 2022/2023 Annual Report
9. Election of Office Bearers for the 2023/2024 Season
10. General Business of an urgent matter

The Annual General Meeting will be followed by refreshments in the Clubhouse

JOHN DULIEU - WARRIEWOOD SLSC PRESIDENT

**F**resh off the press as I write this report, I am delighted to announce that Warriewood SLSC has once again claimed the title of 'Club of the Year' for the Sydney Northern Beaches Branch for the second time in just three years. This remarkable accomplishment is one that we should all be extremely proud of.

People often enquire about the key to Warriewood SLSC's success as a club. The answer is simple: it lies in our impressive achievements, our unwavering collaboration to neighbouring Surf Clubs and our significant contributions to both SNB Branch and SLSNSW. But the true driving force behind the club's accomplishments are our exceptional members who make a genuine impact. Well done everybody, congratulations and thank you for making this such a great community club.

The start of the season is traditionally marked by a flurry of activity and this year was no exception. The commencement of Patrols, Nippers, Training, and the Annual Cadet Camp all went ahead as scheduled, which was a great relief to all the people who invested so much time and energy in organizing them. For once, there were no COVID plans to think about, and all we had to consider was everything related to 'Surf Life Saving'.

## Sponsorship

As a non-profit organization, we rely heavily on contributions from our sponsors. Our sponsorship has maintained a steady pace over the last 12 months, and I would like to thank Dom Lynch for the outstanding effort in keeping this going for the club.

Warriewood SLSC was extremely grateful for the continued support of its fantastic sponsors and supporters throughout the 2022/23 season. To Ecodownunder, DPS, Double Impact Displays, Boost Juice, Beaches Dental Mona Vale, Peaston Legal, Sunrise Café, and Keysun, your remarkable contributions are immensely valued, and we are truly grateful for your generosity.

I would like to extend our appreciation to Channel 10 for their continued sponsorship of the Nippers Program this year. The support

we receive from Network 10 plays a crucial role in ensuring our Nippers benefit from a comprehensive program and have access to facilities that educate them in diverse surf skills and water safety measures.

The sponsorship from Pittwater RSL has gone to another level this year. We hope to see some new IRBs in the water at the end of next season, with the majority of the cost being covered by Pittwater RSL. I would like to thank Dom Lynch and Dean Hindman for their outstanding effort in putting a plan together to replace our aging IRBs. A big thank you to Max Hindman for developing the videos demonstrating the importance of IRBs in rescue operations. Outstanding contribution, Max, thank you.

The success in securing new sponsors and fostering mutually beneficial and lasting relationships relies on our dedication to partnering with our supporters and integrating them into the club atmosphere. Throughout the season, we had the pleasure of warmly welcoming numerous sponsors and their families, who frequented the club and beach regularly.

## Patrols

Ensuring the safety of the community is our primary focus at Warriewood Beach. I am pleased to advise that all visitors who enjoyed the sun and water activities at Warriewood returned home safely.

While our volunteer hours were down from last year, our 12 Patrol Teams, consisting of over 290 patrolling members, still managed to invest over 6000 volunteer hours keeping our beach safe.

We have one of the toughest beaches on the Sydney Northern Beaches to manage, which makes this statistic even more pleasing. Our proactive approach to preventing incidents goes a long way in keeping our beach safe and saving lives.

Maintaining our abilities is a crucial aspect of the tasks we perform on the beach. I want to express gratitude to the patrolling individuals who proactively improved their skills this year, as well as to those who successfully completed all their required proficiencies.

Throughout this season, every member of the 12 Patrol Teams has demonstrated professionalism and responsibility while fulfilling their responsibilities to the community.

I extend my gratitude to all the Patrolling Members, Patrol Captains, Vice Captains, and especially Cameron Powell and Mark O'Connell for their exceptional leadership. I would also like to thank Craig Perry and Darren Speirs for their adaptability and willingness to go above and beyond, filling in gaps for Patrols when necessary.

The Club owes its current success to the commitment and devotion of everyone to Lifesaving, and our shared mission which is to keep our beach safe.

## Education

At the time of writing last year's Annual Report, we were unaware what was about to unfold at the SLSNSW State Awards night. Angela was awarded SLSNSW Trainer of the Year and I had the honour of receiving SLSNSW Assessor of the year. To be

awarded both awards in the same Club is an extraordinary achievement and not one that has probably been achieved before.

It was another busy year for our Trainers and Assessors with candidates successfully getting through Bronze, SRC, ART, IRB Driver and Crews courses. This year we trialled the first SRC to Bronze transition course. This results in a quicker course and making it more enjoyable for the candidates and it will be something we implement in years to come. Proficiencies are always a logistical nightmare to manage and this year was no different. In order to grasp the magnitude of managing proficiencies, it's worth noting that this year over 400 proficiencies across various awards were completed. Many thanks to the many endorsed delegates for the time spent on the beach running each proficiency session. A special call out to Cameron Powell who went the extra mile and performed additional proficiency sessions for members that couldn't make the scheduled sessions.

At Warriewood, our training team has reached unmatched excellence within the Branch, if not the entire State. We now boast Trainers, Assessors, and Facilitators proficient in various SLS awards, such as Bronze Medallion, Surf Rescue Certificate, IRB Driver and Crew, Advanced Resuscitation, Gold Medallion, and Silver Medallion Beach Management. Having assessed all award categories across most clubs this year, I firmly believe that Warriewood sets the highest standards within the Branch, setting a

benchmark to be proudly recognised.

After three long years as Chief Training Officer, Angela Shanahan has made the decision to step down from the position for the upcoming season due to family and work commitments. We thank you Angela for your vibrant, enthusiastic, and composed demeanor during your time as CTO. Under your guidance, the training at Warriewood has witnessed remarkable progress, and we commend you for it.

#### Fund Raising

The new addition for this year was the Cadets running the Bunnings BBQ at Belrose. This sausage sizzle raised over \$2000 in funds, and Bunnings also provided us with \$500 worth of gift vouchers, which were well invested back into the Club. What stood out even more was the impressive cooking skills displayed by all the Cadets. A big thank you to Adam Kovac for organizing this and for his continued commitment to keeping the younger generation engaged.

At the commencement of the season, Max Wiggins approached the Club with an offer to participate in a "Loved + Resell Sustainable Quality Clothing Sale + Fund Raiser" event at the Club. This presented an opportunity to engage with the community, promote clothing recycling, and raise funds for the Club. The event proved to be a fantastic success, and I would like to extend a big thank you to Maxine and her team for their exceptional efforts on the day.

To the Chieftain Challenge. This year, we managed to get swimmers in the water on the second attempt. Unfortunately, the weather conditions weren't too kind to us in December, which resulted in a postponement to April. I would like to thank all the members who contributed to organizing this event on the day, and in particular, Martin Carlisle for stepping up and running the event for the first time. With the assistance of sponsorship from Sunrise Café, this event raised over \$3000.

'Prawns and Peroni' is always a big hit. I see this event as an opportunity to bring the club together as well as raise funds. We made a little over \$1000 on the day, and it was another perfectly executed day by our social organizers.

The bar has been an integral part of our social events and has made a significant financial contribution again this year. However, an era is coming to an end as Rob Milliken steps down as Bar Manager. Behind every great Bar Manager is an exceptional assistant, and on behalf of the Club, we express our sincere gratitude to Rob and Cathy Milliken for the countless hours of service behind the bar.

#### Nippers

Compared to the previous seasons where we battled pandemics, tsunamis, biblical rains, and flooding, the 2022/23 Nippers season has been one to remember with several particular highlights.

The season kicked off with the hugely popular Cadet Camp at Anna Bay. This was a great opportunity for our cadets to bond, as well as learn a few Surf Lifesaving tricks and tips from our senior members. Many thanks to Neal, Adam, and Elise for organizing another successful cadet camp. The feedback was extraordinary, and I'm looking forward to attending this year's camp in October.

This season, we welcomed over 270 Nippers who registered to participate. Although the numbers were slightly lower compared to previous years, it contributed to a more pleasant atmosphere on the beach on Sunday mornings. Less pressure on the Age Managers and the pace seemed less frenetic, allowing for a more enjoyable experience. The season also saw an increase in carnival participation with 15 different Nippers representing the club at various carnivals – many for the first time. Warriewood also welcomed three amazing Nutri-grain Iron people to one of our Nippers sessions in December to provide some tips and motivation. There were a few interested parents as well!

The biggest highlight, however, was the water conditions, which were the best in several years. This enabled us to get the Nippers in the water on most weekends and gave us the opportunity to get the Nippers to swim out to the buoy (even the U9's and U10's) and back.

There are so many people to thank when it comes to putting the Nippers program together. From Neal McCarry as Nipper President, Valerio Corniani as his Deputy, Justin McDonald as the Age Manager Coordinator, all the Age Managers, Prisca

behind the BBQ, Liz in the clothing store and of course, one of the most important roles of all, Mark O'Connell for organizing the water safety for another year. Thank you to all for generating smiles on our beach and making this all possible.

### Surf Sports

The Sand Dancers had yet another exceptional year. It all began with a remarkable achievement - winning the Gold medal in Italy at the World Championships. But the Masters relay team didn't stop there, they went on to secure State and Australian titles. I have to pinch myself knowing we have World Champions amongst us.

Adam Gee, Ben Hargy, Iain Archer, Chris Macdonald, and Glen Bauder, we can only applaud you for your remarkable accomplishments this year. You are World champions, State Champions, and Aussie Champions!

The dedication and performance of the younger Sand Dancers was also inspiring. Kyle Ambrosius, Dylan Calderon, Joshua Powell, and Isaac Clark showcased their talent throughout the season. They successfully made it to their first Aussie final, securing a respectable 7th place. Individually, Josh, Dylan, and Kyle also made it to the semi-finals. To give you an indication of their speed, at the Branch Carnival this year, Josh Powell won Silver, with Adam Gee finished 4th, with Kyle coming in 5th, Dylan, 6th and Ben taking 8th position. Watch this space!

It's important to recognize that our club cannot participate in carnivals without the support of our officials. I want to express my appreciation to Cathy Milliken for representing Warriewood at both the State and National levels, and for her unwavering support of the boys in their endeavours. I also want to commend the Masters team for their positive influence on the younger generation. Every Sunday morning before Nippers, Adam Gee and Ben Hargy generously share their skills and knowledge with our Nippers. Absolute legends!

### Vale

During the year, we lost one of our Life Members, Jock Mackay. Jock was one of the original Founding Members of Warriewood SLSC in the early 1950s and served as the Club President for 13 years. Jock will always be remembered for his high level of commitment, passion, and enthusiasm, which were at times challenging to curtail as the club entered the modern era of Surf Life Saving.

It is important that we acknowledge and honour Jock's contributions over the years, as they played a vital role in shaping the Club into what it is today. Jock's beloved wife, June, passed away twelve months earlier, and there was a great turnout to say farewell to both at their ashes scattering at Warriewood Beach in February this year. It was a fitting service for a long life commitment to Warriewood SLSC.

### Club Administration, Governance & Finance

Despite a drop in Surf Life Saving membership and the increase in the cost

of living being experienced across the community, we still managed to make surplus of \$72k at the end of the year.

Cost management this year has been big focus. A number of initiatives have already implemented and are under way to reduce cost, some areas include electrical meter rewiring, new gas providers, new employments contracts for staff moving away from contractor rates to permanent part time.

The modern era in managing corporate affairs has seen an increase in process and governance activities. There has been a lot of emphasis on Work Place safety as well as Child Protection standards. I would like to thank Sascha Rundle (WH&S Officer) and Justin McDonald (Membership Protection Officer) for their contributions to ensuring the ongoing safety of our members.

Libby Vanderlaan took on the role of Clubs Register filling the big shoes of Mel O'Connell. Libby has done an outstanding job this year and is to be congratulated on winning the Clubs Administrator of the Year Award. It was quite evident Libby was absolutely suited to the role the moment she presented a spreadsheet at a committee meeting!

And at the end of every season, we had our Annual Presentation night. Unfortunately, I could attend this year due to a family reunion in the UK. By all accounts it was another enjoyable night. I would like to thank Andrea Powell for her meticulous planning, Mel O'Connell for pulling together the logistics for all the Awards, and to Mark O'Connell for stepping into my shoes for the night.

We hold high hopes that club refurbishments will commence within the next twelve months. Unfortunately, delays have been caused by factors such as COVID, cost overruns, and limited availability of skilled trade resources. The refurbishment will be carried out in two phases. The first phase will focus on enhancing the club's surroundings, including improvements to the outdoor showers, the replacement of the dilapidated asphalt outside the patrol room and storage to hide the garbage bins. The second phase will concentrate on internal renovations, such as installing a new cover for the balcony, revamping the bar and kitchen areas, and incorporating a lift to enhance accessibility for individuals with mobility issues. Simeon Haddad and Jen Spencer have been engaged with this project since its inception, and we anticipate witnessing the results of their investment in time materialising in coming months.

I would like to express my gratitude and appreciation to the dedicated individuals on our committee who have made significant contributions throughout the year. Specifically, I want to thank Peter Casey - Club Treasurer, Cameron Powell - Club Captain, Mel O'Connell - Club Secretary, Angela Shanahan - Chief Training Officer, Adam Kovac, - Youth Development Officer, Neal McCarry - Nippers President, and Libby Vanderlaan - Club Registrar. Your unwavering commitment, support, and hard work have been invaluable. Often, the effort each of you has invested goes unnoticed, and I want to take this opportunity to acknowledge and thank you for your time, dedication, and professionalism demonstrated throughout this season.

In summary, as a Club, we have ample reasons to be proud and optimistic as our community and society emerges from the pandemic. From Nipper Parents to Age Managers, and from the Nipper BBQ crew Prisca & Nick to our dedicated Patrol Captains, Patrolling Members, Trainers, Assessors, Warriewood Committee Members, and their families, I would like to express my sincere appreciation and gratitude for your unwavering dedication and support throughout the past year. It is your commitment that truly defines the greatness of our club, regardless of your level of involvement, and I look forward to another successful year ahead.

John Dulieu - Club President

# lifesaving

CAMERON POWELL - CLUB CAPTAIN

**O**n behalf of Warriewood SLSC Committee, I would like to extend our gratitude and thanks to all patrolling members for another successful season at Warriewood Beach. I know how much you all give up to attend patrols and it is very much appreciated by the Club and this is reflected in being awarded Sydney Northern Beaches Club of the Year.

We had 12 Patrol Teams again this season, and each member has acted professionally and responsibly in carrying out their duties to the community.

Our Patrol Members had over 200 new awards during the season and I would like to thank all the Trainers for their efforts in this area.

Patrol attendance was good, and the new Bronze Medallion and SRC Award members transitioned well into their Patrols.

This year we had 270 patrolling members who logged just over 6,000 patrol hours, and were involved in 28 rescues over the course of the season. Every member of the public that entered the water at Warriewood for a swim went home safely.

This year's Rescue of the Year went to the SRC's from Patrol 12 who conducted themselves extremely professionally in carrying out two rescues in the "Elevator" within an hour of each other.

This season we had 32 new SRC's and 26 new Bronzies added to our Patrols. We also had 17 SRC's gain their Bronze Medallion. Overall this is a decrease from last year. The SRC's are our future lifesavers so it is great to see that the Nippers programme is working and interest in patrolling is high amongst our younger members. A big thank you to U/14 Age Managers and our Bronze and SRC Trainers for the time and effort you put in. Next season we will continue to concentrate on upskilling our patrol teams and providing leadership opportunities to younger patrol members.

A special thanks to Craig Perry in his first year as Patrol Captain for Patrol 6.

I would also like to acknowledge Dolly (Neil Dyer) and Sid (Greg Hall) who will be stepping down as Patrol Captain and Vice Captain for Patrol 6 for all the effort they have put in over many many years of patrolling with Patrol 6. Patrol Captains have one of the hardest roles in the Club, and the Club would not function without their efforts. Without their dedication to the club and to lifesaving the Club wouldn't be the great place it currently is, so thank you to the following:

## PATROL CAPTAINS / VICE CAPTAINS

Patrol 1 –  
Darren Speirs / Dom Lynch

Patrol 2 –  
Mocca (Mark O'Connell) / Daniel Tilley

Patrol 3 –  
Adam Kovac / Bede Seymour

Patrol 4 –  
Craig Meiring / Russel Lamb

Patrol 5 –  
Patrik Kania / Two Dads (James Leggett Budden)

Patrol 6 –  
Dolly (Neil Dyer) / Sid (Greg Hall)

Patrol 7 –  
Mick Spencer / Dean Hindman

Patrol 8 –  
Glen Bauder / Rob Milliken

Patrol 9 –  
Craig Perry / Jen Spencer

Patrol 10 –  
Max Tapper / JD (John Dulieu)

Patrol 11 –  
Luke Anderson / Simo (Simeon Haddad)

Patrol 12 –  
Cameron Powell / Jenna Powell

## Finally, congratulations to our Award Winners:

Lifesaver of the Year – Craig Perry Young  
Lifesaver of the Year – Max Hindman  
Patrol Captain of the Year – Darren Speirs  
Patrol of the Year – Patrol 9

# irb report

DEAN HINDMAN - IRB CAPTAIN

Our 2 Inflatable Rescue Boats (IRB) and 4 Engines have provided year round patrol support and I want to thank each patrol for cleaning, washing and leaving the equipment rescue ready for the next patrol. Without doubt, a big thanks goes out to Rick, Dolly, Milly & Cam, who continue to provide invaluable support to keep the equipment in what I would say is amongst the best on the beaches.

Thanks to our Pittwater RSL IRB sponsorship, we have purchased 2 more Tohatsu motors this year as planned, meaning our entire fleet is now Tohatsu, keeping things simple and consistent. There is a new whiteboard above the engine rack, for a quick summary of engine status and any key issues/notes for patrols. We have installed a fuel cabinet to hold the bladders in shelves that significantly improves ease of use and storage, and we eagerly await the replacement of the 2 inflatable boats which we are hoping to receive towards the end of the next season. We have also just installed a new hose-plug style wash system that means we don't have to fill up the buckets after each wash down, now just once or twice a year (so don't throw out the bucket).

Warriewood was proud to be a host of the Albert Program on the Northern Beaches, some of the images shown on this page, which is a must for all our drivers and crew. Making a rescue when it counts is often much more than just knowing how to drive. The course focuses on communicating and working as a team when under

pressure, for mass rescues, search and rockwork, providing one of the best learning experiences SLSC has to offer - don't miss out on next seasons course, i know a number of people of have done it twice because they enjoyed it so much.

Early in the season, or even before we start, we will have installed 'springs' that return the throttle automatically to idle if you accidentally let go of the throttle, a great safety add to the Tohatsu engines that has been tested over the past 12 months, and we are looking forward to this being implemented. Our last driver and crew course also recorded their IRB rollover procedures and we created a simple and easy to view video that you can all review prior to proficiency, or at any time just to refresh - just scan the QR code on the whiteboard above the motors in the shed.

I would finally like to encourage all of you to get involved in crewing and/or driving, it is incredibly safe when done right, teaches brilliant communication and teamwork skills, and is a very important part of our ability to save lives. The Albert course has really been passing on learnings to improve safety tenfold, teaching drivers and crew how to reduce injury, and be more effective. We know that the more you drive in varying conditions, the safer and more capable the rescue. For 2023, our goal is for every driver and crew to be comfortable and feel safer, in bigger surf conditions. Thanks for a great 2022/3 Warriewood.

# education & training

ANGELA SHANAHAN – CHIEF TRAINING OFFICER

The 2022/23 Training season was the first in a while not to be impacted by Covid or extreme weather conditions. Over 200 new awards were issued to 109 of our members throughout the season. Education and training cannot happen without the hard work and dedication of our Trainers and Assessors. Our trainers and assessors continued to expand their skills this year with Cameron Powell becoming an Assessor in Advanced Resuscitation, John Dulieu and Tracey Hare-Boyd becoming Facilitators in Advanced Resuscitation and Tracey also becoming a Facilitator in First Aid and the Silver Medallions Patrol Captains Award.

Each of our trainers and assessors need to complete competency training in the awards they are qualified to train each year in order to be reindorsed, as well as their award proficiencies. It is also worth noting that each Bronze and SRC course takes 35 hours of

training, each IRB course takes 14 hours of training and the ART course takes 12 hours. This does not take into consideration any preparatory time, additional training that may be needed, or the assessment. I would like to extend a huge thank you to all our Trainers, Assessors, Facilitators and subject matter experts for the time they dedicate to the Club. I'd also like to thank those who may not be Trainers or subject matter experts but who consistently turn up to assist when the call is put out for water safety. Your assistance is also very much appreciated.

## Bronze Medallion

This year saw the first lot of our cadets become eligible to obtain their Bronze Medallion through the SRC to Bronze transition program, following the introduction of the new curriculum in 2020. This meant that by passing an in depth proficiency in their board, tube rescue, radio and signals, the candidates only had to complete a First Aid course and Spinal along with their proficiency swim, receive the necessary training in spinal management and pass their run/swim/run to obtain their Bronze medallion.

Our cadets needed a bit of training and fitness work to bring them up to speed, but all managed to pass their assessment and become Bronze Medallion holders. Thanks to JD for taking on this extra responsibility. We had 10 SRC's complete their Bronze transition.

Our long Bronze course ran as usual on Tuesday nights and Sunday mornings from early October to early December. Congratulations to the 16 new Bronzies who successfully obtained their Bronze Medallion

at Freshwater Beach on 2nd December.

## Surf Rescue Certificate

Well done to Adam Kovac who took charge of the 30 SRC candidates this year. All candidates passed their assessment at Warriewood on 11th December 2022. After successfully running this course Adam passed his probationary period and is now a fully fledged Warriewood trainer.

## Advance Resuscitation Techniques (ART)

Everyone who holds the older Advanced Resuscitation techniques Awards must be upgraded to the new Advanced Resuscitation Techniques Awards (HLTAID015) by July 24. This year we continued with the upgrade program as well as training members who wanted to attain the award for the first time.

Congratulations to the 16 members who completed or upgraded their Advanced Resuscitation Training this season, with 8 members who enhanced their skills by completing the course for the first time. Thanks to John Dulieu, Tracey Hare-Boyd and Trae Hare-Boyd for putting in the hours to get our members up to speed with this valuable and necessary qualification. Each patrol must have an ART on the beach in order to raise the flags so it has become a vital part of our life saving skills training.

## IRB Driver and Crew

It was a successful season for the IRB training team with 6 crew and 6 drivers obtaining their qualifications. Of particular note we would like to congratulate Genevieve Bauder for becoming Warriewood's youngest female IRB driver. Thank you to Cameron Powell, Neil Dyer and John Dulieu for once again

# education & training

running this course, and to Rick Harris for his assessing efforts across the branch.

## First Aid

There was great news for Warriewood this season with Tracey Hare-Boyd achieving qualification as a First Aid Facilitator, meaning she can run First Aid courses in house at Warriewood, as well as across the branch. This will make courses such as ART, where an up to date First Aid qualification is a pre-requisite, much easier to coordinate. This season we had 31 members obtain their Provide First Aid (HLTAID011).

## Proficiencies

Another massive effort this year to get through all the 414 proficiencies across Bronze, SRC, IRB and Advanced Resuscitation. Managing this extensive logistical operation is an annual challenge that requires trainers to dedicate a considerable amount of time not only conducting the proficiencies but also meticulously documenting every aspect of each proficiency activity.

Thanks to those members who turned up to complete their proficiencies this season. Although it is usually a dreaded activity, the satisfaction of completing your run/swim/run and rescue is hard to beat. I also can't understate how important it is to keep our surf lifesaving skills up to date in order for us to be rescue ready.

## Supporting the Branch and Other Clubs

At Warriewood we are very fortunate to have depth and experience with our trainers and assessors. Sydney Northern Beaches Branch cannot operate without the expertise of its Assessors and Trainers, and I would like to thank Tracey Hare-Boyd, John Dulieu, Cameron Powell and Rick Harris for supporting the Branch is Assessing across a number of awards including Bronze, SRC, Advanced Resuscitation, IRB Crew, IRB Driver Gold Medallion and Silver Medallion Patrol Captains. All four individuals also

contribute a significant amount of their time in being training and assessing mentors to other Clubs across the Northern Beaches.

## In Summary

We have had another successful season of Training and Education. Thanks to the effort and quality of our trainers, we continue to provide a high standard of education at Warriewood.

TAF Mentor	4
TAF Pre-season Online 2022	10
Training Officer Bronze Medallion	1
UAV Operator (non RePL)	1

# nippers

NEAL McCARRY - JUNIOR PRESIDENT

With around 270 nippers registered, it was great to welcome everyone back to the beach and get the season underway without the need to manage QR codes!

The Junior committee looked to build upon last season's initiatives of the beach set-up, beach pack-up and BBQ rosters each week and give everyone the chance to get to know some new people and do their small bit to help with the successful running of the Nipper program. The spirit of volunteerism is particularly unique to Surf Life Saving and Australian culture and it was great to see it on display throughout this season.

A particular expression of thanks is needed for our Age Managers. All of our Age Managers are parents just like you and I, who give generously of their time each week to help coach our kids through the Nipper's program and encourage each nipper to challenge themselves and develop their skills. It was also particularly pleasing to see some new parents stepping into the role, even if just temporarily to lead the group for the week.

I would like to congratulate all of our Nippers for what I hope was an enjoyable season. Unlike previous seasons, 2022-23 was one of the best I can recall for some years in terms of water conditions. My personal season highlight was sitting out on the rescue board on the last Nipper's session of the season watching the U9's (electric blue caps) and U10's (red caps) powering out the lily pad with such confidence. To see their progress in particular over the season was simply fantastic.

Another season highlight was seeing 32 junior members successfully attain their Surf Rescue Certificate (SRC) and pass their assessment to receive patrol uniforms and do the Club proud on patrols and water safety over the second half of the season. I would also like to acknowledge and thank those members of our Club who work tirelessly to make this programme a success. To our Chief Training Officer Angela Shanahan and to all of our Trainers who give of their time so generously each week above and beyond their patrolling commitments. The hours that you have invested help build the foundation for our junior members to remain engaged with our Club as they hopefully progress to their Bronze Medallions and offer their time back to the community in helping to keep our beaches safe.

Encouraged by Alle Grace, our carnival participation improved again this season with 11 of our Nippers representing the Club at carnivals with some competitive results. The hosting of a Christmas party was also a great way to finish up 2022. Thanks to Elise Andrews our Junior Social Coordinator who year after year continues to bring enthusiasm and great ideas that really help build Club spirit and connection.

A special thank you also goes to Prisca Drysdale, Nick Chandler and both Rob and Cath Milliken for their tireless efforts hosting the BBQ and running bar for the club after nippers each week. I would like to acknowledge and thank all of the Senior members of our Club for their ongoing support and commitment to our Juniors. Warriewood has always been fortunate to have a culture of 'one' Club and in my second season as Junior President this support was greatly appreciated.

Thank you to our Senior Committee and Executive, namely John Dulieu (President), Simeon Haddad (Vice President), Cameron Powell (Club Captain), Mark O'Connell (Vice Club Captain), Melinda O'Connell (Secretary) and Libby VanderLaan (Registrar), for this ongoing support. Finally, thank you to Valerio Corniani our Nippers Vice President, Mark O'Connell for managing our water safety during Nippers, Justin McDonald our Age Manager Coordinator, Alle Grace, Elise Andrews our Social Coordinator, Adam Kovac, and our SRC's for their assistance each week in pulling our season together. Thank you to everyone again for all your support this season and I look forward to seeing everyone in the coming season. Keep up the swimming during the off season!

# cadets & youth

ADAM KOVAC - YOUTH OFFICER

This season has seen 32 cadets achieve their SRC award and 17 awarded their Bronze Medallion. Each week we have a large number of cadets turn up to do water safety with Nippers. This support is invaluable to the safety and security of the Nippers and really helps develop their water skills. Some Nippers have their favourites and will seek out that Cadet to swim with, and knowing they will have that person swim with them builds confidence and connection and friendship through Warriewood SLSC. It should be acknowledged that the extra hours put in by all the Water Safety Crew, cadets and adults, is done above their normal volunteer patrol hours.

Cadet Camp last October was a great team building weekend. Supported by the Club, we had a weekend away at The Retreat at Anna Bay. The weekend is a lot of fun for all involved, and while having fun and practicing their skills, the Cadets are passed through their proficiencies for the coming season.

We have had a couple of Volleyball and activities & pizza nights on the beach. And the highlight of the activities was the NEON disco party night. The Cadets really had a great time this night, it was really hot, they would go outside to cool off but the DJ would play another song and they raced back in to dance. These nights are great for team building and connecting with each other and build lasting relationships.

The Annual Australia Day Eve Beach Volleyball event was a huge success

this year with a record number of teams entering the competition. All are welcome to this event, and we had a generous donation of 2 competition volleyballs. It is on every year, so save the date 25th January, 2024.

ANZAC Day was a proud moment for Warriewood with 13 Cadets in Patrol uniform coming to the Dawn Service at Pittwater RSL. It is inspiring to see the commitment to community goes further than the beach and the respect for those who came before us being shown by our youth. The cadets placed a wreath on behalf of Warriewood SLSC.

Presentation Night was a blast with loads of cadets coming along to celebrate fellow cadets being recognised for their contributions. Once the band started the Cadets took complete control of the dance floor.

We have a Bunnings BBQ coming up on 1st of July 2023 at the Belrose store. This fundraising opportunity helps raise money to go towards cadet activities.

As Youth Development Officer, my aim is to build a lifelong connection between the youths and Warriewood and the broader SLS community. To give them a sense of ownership of this very valuable service that we provide to the community, through useful skills and fantastic memories.

# registrar

LIBBY VANDERLAAN- REGISTRAR

It was a very interesting to take on the Registrar's role this season, there was loads to learn and thank you so much to my predecessor Mel O'Connell and to our President John Dulieu for their time invested in teaching me. Of course, registrations are all handled online now through the SLSA online members portal, but as quite a few of our members saw, it is still not always easy. So, thank you all for your patience.

Our membership registrations were down somewhat from the previous year. We've been advised that all clubs seemed to see similar impacts, post Covid and post the previous year's ordinary conditions. Transfers into Warriewood outweighed transfers to other clubs, except where members have moved outside Sydney.

You can now start your registrations for the 2023 year or newly join, by visiting the SLSC members Portal:

<https://members.sls.com.au>

Membership Categories	Total Members 2022/23	Male Members	Female Members	Total Members 2021/22	Member Retention (%)

# inclusivity report

SASCHA RUNDLE

Warriewood SLSC prides itself on being an inclusive community organisation which assists and supports all people regardless of gender, race, religion or sexuality etc.

For the second consecutive year, Warriewood members celebrated the SLSC Rainbow Beaches event, showing support for the LGBTQIA+ communities. This year's event had greater meaning as Sydney and the Northern Beaches were hosting the World Pride celebrations which had attracted people from around the world.

Warriewood nippers celebrated by wearing rainbow colours and face paint while patrols on the day decked the patrol tent and ATV in rainbow flags and other decorations. Members of the club and broader community pitched in together to put up the decorations and it was a day enjoyed by all who took part.

Plans have been developed for the Warriewood Clubhouse to undergo building works. This will include providing disabled access to the upstairs level via a lift. The SLSC Club is looking forward to welcoming more people with disabilities to Warriewood.

# social

ANDREA POWELL - SOCIAL SECRETARY

As we draw to the conclusion of another year, only a short and sweet note from me as not a lot to report on the social side having only been involved in a small number of major club events. However, when we did bring members together for some fun and socialisation, the social events were well attended which leads me to believe there is a huge opportunity to improve on the regularity of gatherings.

The annual Prawns and Peroni on a Sunday afternoon in February at the club was once again well attended and a huge success, so a big thank you to Elise and Rob for leading the event in my absence.

April brought along two celebrations. The first was a thank you to Patrol Captains beef and pulled pork slider evening. And not long after, the club came together to farewell the end of season on the 23rd April where fish and chip baskets were enjoyed by all along with some live music. On both occasions, I must extend a huge and appreciative thank you to my kitchen helpers, Kathy D, Anne-Marie P and Libby V, who assisted in the kitchen and offering food.

Our other big and no doubt most important event of the year was our end of season and presentation of club awards night, held recently in May at the Pittwater RSL. This year the theme was Movie Night and come

dressed as your favourite star, and boy did we have some amazing outfits! Thank you to everyone for rising to the occasion on and off the dance floor. We were once again lucky to secure the top cover live band "Jack's Avenue", who was a huge success last year.

The evening had an amazing turnout of over 100 club members, sponsors, and VIP'S who came together to show their support and to enjoy an evening of good food, beverages and disco dancing. We did however, miss our wonderful Club President John and beautiful wife Kathy. Thank you to all for the effort put into the themed dress and congratulations to the recipients of awards. A big thank you to Mel and Mocha for always going that extra mile and being of great support assisting with organisation before the event and on the evening!!!

Social events are aimed at bringing our members together to promote the building

of long term friendships, and we are lucky to be involved in such a tight knit community and club. We are hoping to continue bring our members together in social occasions, and hopefully we can look forward to more memorable events as we lead into the new season and the summer months!!!

# wh&s

SASCHA RUNDLE - WH&S OFFICER

The safety and well-being of Warriewood members and visitors remained a key priority for the surf lifesaving club in 2022-23. At the beginning of this period the lasting impact of the COVID-19 pandemic was still being felt in NSW. The state still had restrictions in place for this virus and all surf lifesavers had to be vaccinated against COVID-19.

Other impacts became apparent as the SLSC season progressed. Compared to previous years, some of the nipper participants seemed less confident in the surf, having missed out on swimming opportunities over several lockdown periods during the pandemic. The Warriewood volunteers provided great encouragement for the young swimmers, supporting them on their Sunday morning swims and carefully monitoring their progress. The weather and surf conditions provided

a further challenge at times, particularly in 2022. For the third year in a row, south eastern Australia faced a La Niña weather event and Sydney recorded its wettest year on record in 2022. Wet weather events on weekends often led to fewer beach-goers and dangerous surf conditions.

This season Warriewood SLSC undertook a work health and safety assessment to identify any WHS concerns in and around the clubhouse. The assessment was completed by Warriewood Committee members Dominic Lynch and Sascha Rundle, with oversight from the Club Captain Cameron Powell. Some of the main issues highlighted included missing signage for correct emergency procedures and a potential ignition point (power point) located too close to the IRB fuel storage cabinet in the patrol shed.

Let's hope the forthcoming 2023-24 season is a safe one for everyone at Warriewood!

# Notes of the Financial Statements

Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195

For the year ended 30 April 2023

## Summary of Significant Accounting Policies

The financial statements cover Warriewood Surf Lifesaving Club as an individual entity. Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195 is a not-for-profit Association incorporated in New South Wales under the Associations Incorporation Act 2009 (NSW).

The financial statements are special purpose financial statements prepared in order to satisfy the financial reporting requirements of the Associations Incorporation Act 2009 (NSW), the Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the club's constitution. The committee has determined that the association is not a reporting entity.

The financial statements have been prepared in accordance with the requirements of the above acts and regulations, the club's constitution and the following Australian Accounting Standards:

AASB 101 Presentation of Financial Statements

AASB 107 Statements of Cash Flows

AASB 108 Accounting Policies, Changes in Accounting Estimates and Errors

AASB 1031 Materiality

AASB 1048 Interpretation of Accounting Standards

AASB 1054 Australian Additional Disclosures

No other Accounting Standards, Australian Accounting Interpretations or other authoritative pronouncements of the Australian Accounting Standards Board have been applied.

The financial statements have been prepared on an accruals basis and are based on historic costs and do not take into account changing money values or, except where stated specifically, current valuations of non-current assets. The following significant accounting policies, which are consistent with the previous period unless stated otherwise, have been adopted in the preparation of these financial statements.

## Income Tax

No provision for income tax has been raised as the Association is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

## Property, Plant and Equipment (PPE)

Leasehold improvements and office equipment are carried at cost less, where applicable, any accumulated depreciation.

In the event the carrying value of plant and equipment is greater than the estimated recoverable amount, the carrying value is written down immediately to the estimated recoverable amount. A formal assessment of recoverable amount is made when impairment indicators are present.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the association and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial period in which they are incurred.

### **Depreciation**

The depreciation method and useful life used for items of property, plant and equipment(excluding freehold land) reflects the pattern in which their future economic benefits are expected to be consumed by the association. Depreciation commences from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful lives of the improvements. The depreciation method and useful life of assets is reviewed annually to ensure they are still appropriate.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained earnings.

### **Employee Provisions**

Provision is made for the association's liability for employee benefits arising from services rendered by employees to the end of the reporting period. Employee provisions have been measured at the amounts expected to be paid when the liability is settled.

### **Provisions**

Provisions are recognised when the association has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions are measured at the best estimate of the amounts required to settle the obligation at the end of the reporting period.

### **Cash and Cash Equivalents**

Cash and cash equivalents comprises cash on hand, demand deposits and short-term investments which are readily convertible to known amounts of cash and which are subject to an insignificant risk of change in value. Bank overdrafts are presented within current liabilities on the statement of financial position.

### **Accounts Receivable and Other Debtors**

Accounts receivable and other debtors include amounts due from members as well as amounts receivable from donors. Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

### **Revenue and Other Income**

Revenue is measured at the fair value of the consideration received or receivable after taking into account any trade discounts and volume rebates allowed. For this purpose, deferred consideration is not discounted to present values when recognising revenue.

Interest revenue is recognised using the effective interest method, which for floating rate financial assets is the rate inherent in the instrument. Dividend revenue is recognised when the right to receive a dividend has been established.

Grant and donation income is recognised when the entity obtains control over the funds, which is generally at the time of receipt.

If conditions are attached to the grant that must be satisfied before the association is eligible to receive the contribution, recognition of the grant as revenue will be deferred until those conditions are satisfied.

All revenue is stated net of the amount of goods and services tax.

## Financial Instruments

### *Recognition, initial measurement and derecognition*

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the financial instrument, and are measured initially at fair value adjusted by transactions costs, except for those carried at fair value through profit or loss, which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities are described below.

Financial assets are derecognised when the contractual rights to the cash flows from the financial asset expire, or when the financial asset and all substantial risks and rewards are transferred. A financial liability is derecognised when it is extinguished, discharged, cancelled or expires.

### *Classification and subsequent measurement of financial assets*

Except for those trade receivables that do not contain a significant financing component and are measured at the transaction price, all financial assets are initially measured at fair value adjusted for transaction costs (where applicable).

For the purpose of subsequent measurement, financial assets other than those designated and effective as hedging instruments are classified into the following categories upon initial recognition:

- amortised cost
- fair value through profit or loss (FVPL)
- equity instruments at fair value through other comprehensive income (FVOCI)

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables which is presented within other expenses.

Classifications are determined by both:

- The entities business model for managing the financial asset
- The contractual cash flow characteristics of the financial assets

All income and expenses relating to financial assets that are recognised in profit or loss are presented within finance costs, finance income or other financial items, except for impairment of trade receivables, which is presented within other expenses.

### *Subsequent measurement financial assets*

#### *Financial assets at amortised cost*

Financial assets are measured at amortised cost if the assets meet the following conditions (and are not designated as FVPL):

- they are held within a business model whose objective is to hold the financial assets and collect its contractual cash flows
- the contractual terms of the financial assets give rise to cash flows that are solely payments of principal and interest on the principal amount outstanding

After initial recognition, these are measured at amortised cost using the effective interest method. Discounting is omitted where the effect of discounting is immaterial. The Association's cash and cash equivalents, trade and most other receivables fall into this category of financial instruments as well as long-term deposit that were previously classified as held-to-maturity under AASB 139.

#### *Financial assets at fair value through profit or loss (FVPL)*

Financial assets that are held within a different business model other than 'hold to collect' or 'hold to collect and sell' are categorised at fair value through profit and loss. Further, irrespective of business model financial assets whose contractual cash flows are not solely payments of principal and interest are accounted for at FVPL. All derivative financial instruments fall into this category, except for those designated and effective as hedging instruments, for which the hedge accounting requirements apply (see below).

#### *Equity instruments at fair value through other comprehensive income (Equity FVOCI)*

Investments in equity instruments that are not held for trading are eligible for an irrevocable election at inception to be measured at FVOCI. Under Equity FVOCI, subsequent movements in fair value are recognised in other comprehensive income and are never reclassified to profit or loss. Dividend from these investments continue to be recorded as other income within the profit or loss unless the dividend clearly represents return of capital.

#### *Impairment of Financial assets*

AASB 9's impairment requirements use more forward looking information to recognize expected credit losses - the 'expected credit losses (ECL) model'. Instruments within the scope of the new requirements included loans and other debt-type financial assets measured at amortised cost and FVOCI, trade receivables and loan commitments and some financial guarantee contracts (for the issuer) that are not measured at fair value through profit or loss.

The Association considers a broader range of information when assessing credit risk and measuring expected credit losses, including past events, current conditions, reasonable and supportable forecasts that affect the expected collectability of the future cash flows of the instrument.

In applying this forward-looking approach, a distinction is made between:

- financial instruments that have not deteriorated significantly in credit quality since initial recognition or that have low credit risk ('Stage 1') and
- financial instruments that have deteriorated significantly in credit quality since initial recognition and whose credit risk is not low ('Stage 2').

'Stage 3' would cover financial assets that have objective evidence of impairment at the reporting date.

'12-month expected credit losses' are recognised for the first category while 'lifetime expected credit losses' are recognised for the second category.

Measurement of the expected credit losses is determined by a probability-weighted estimate of credit losses over the expected life of the financial instrument.

#### *Trade and other receivables*

The Association makes use of a simplified approach in accounting for trade and other receivables and records the loss allowance at the amount equal to the expected lifetime credit losses. In using this practical expedient, the Association uses its historical experience, external indicators and forward-looking information to calculate the expected credit losses using a provision matrix.

#### *Classification and measurement of financial liabilities*

As the accounting for financial liabilities remains largely unchanged from AASB 139, the Association's financial liabilities were not impacted by the adoption of AASB 9. However, for completeness, the accounting policy is disclosed below.

The Association's financial liabilities include borrowings and trade and other payables.

Financial liabilities are initially measured at fair value, and, where applicable, adjusted for transaction costs unless the Association designated a financial liability at fair value through profit or loss.

Subsequently, financial liabilities are measured at amortised cost using the effective interest method except for derivatives and financial liabilities designated at FVPL, which are carried subsequently at fair value with gains or losses recognised in profit or loss (other than derivative financial instruments that are designated and effective as hedging instruments).

All interest-related charges and, if applicable, changes in an instrument's fair value that are reported in profit or loss are included within finance costs or finance income.

### **Goods and Services Tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO). Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with other receivables or payables in the assets and liabilities statement.

### **Inventories**

Inventories are valued at the lower of cost and net realisable value. No value is ascribed to goods for resale that have been donated to the Association where fair value cannot be reliably determined. Net realisable value is the estimated selling price in the ordinary course of business, less any applicable selling expenses.

### **Accounts Payable and Other Payables**

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the association during the reporting period that remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

## Significant management judgement in applying accounting policies

When preparing the financial statements, management undertakes a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses.

### *Estimation uncertainty*

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be substantially different.

### *Impairment*

In assessing impairment, management estimates the recoverable amount of each asset or cash-generating units, based on expected future cash flows and uses an interest rate to discount them. Estimation uncertainty relates to assumptions about future operating results and the determination of a suitable discount rate.

### *Useful lives of depreciable assets*

Management reviews its estimate of the useful lives of depreciable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical obsolescence that may change the utility of certain software and IT equipment.

### *Inventories*

Management estimates the net realisable values of inventories, taking into account the most reliable evidence available at each reporting date. The future realisation of these inventories may be affected by future technology or other market-driven changes that may reduce future selling prices.

### *Long service leave*

The liability for long service leave is recognised and measured at the present value of the estimated cash flows to be made in respect of all employees at the reporting date. In determining the present value of the liability, estimates of attrition rates and pay increases through promotion and inflation have been taken into account.

## Related Party Transactions

The Association's related parties include its key management personnel and related entities as described below. Unless otherwise stated, none of the transactions incorporate special terms and conditions and no guarantees were given or received. Outstanding balances are usually settled in cash.

### *Transactions with related entities*

During the current year, the Association purchased clothing from Catfish Athlete Apparel which is partly owned by a person who is an extended family relative of a member of the Executive Committee. The Committee member recused himself from decisions regarding clothing purchases, and transactions were completed at arm's length value. The total value of purchases amounted to \$4,252 (2021: \$ 32,664)

### *Transactions with key management personnel*

All key management personnel and volunteers are not compensated for holding office positions.

The Association's Statement of Financial Position shows in Accounts Receivable a grant receivable from the New South Wales government of \$150,000 and a grant commitment liability of the same amount. In the prior period, the Association received a grant of \$90,000 which was paid to Northern Beaches Council. Both grants are for outdoor works surrounding the Association's clubhouse. The works are scheduled to be completed within 12 months.

## 6. Reconciliation of result for the year to cash flows from operating activities

Reconciliation of net income to net cash provided by operating activities:

	2023	2022
<b>Cash flows from operations</b>		
Profit for the year	73,195	88,555
Depreciation	17,651	17,407

- other	4,551	(285)
<b>Total Cash flows from operations</b>	<b>(8,327)</b>	<b>172,100</b>

## 7. Fundraising Appeals

The Association holds fundraising events, and it is the beneficiary of donations from the community.

Proceeds from fundraising are applied to the Association's lifesaving operations.

Donations are not raised or bound by a specific activity.

	2023	2022
<b>Fundraising Activities</b>		
Donations	9,600	9,896
Fundraising income	36,961	33,611
Direct fundraising expenses	(23,724)	(22,180)
<b>Net surplus</b>	<b>22,837</b>	<b>21,327</b>

## 8. Subsequent Events after Balance Sheet Date

The World Health Organisation (WHO) declared the COVID-19 virus a global health emergency on 30 January 2020. Global trade and markets have been significantly disrupted, and many businesses have had to, or will have to, limit or suspend their operations.

The Committee has assessed the impact of the ongoing pandemic on the Financial Statements of the Association. There is no effect of the pandemic on the asset values as at 30 April 2023.

# Declaration By Members of the Committee

Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195

For the year ended 30 April 2023

The committee has determined that the association is not a reporting entity and that this special purpose financial report should be prepared in accordance with the accounting policies outlined in Note 1 to the financial statements.

In the opinion of the committee:

1. The financial report which comprises of the statement of financial position as at 30 April 2023 , and the statement of profit and loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, a summary of significant accounting policies and other explanatory notes is in accordance with the Australian Charities and Not-for-profits Commission Act 2012 (Cth) and Association Incorporation Act 2009 (NSW) and

a) complies with Australian Accounting Standards as set out in Note 1;

b) complies with the provisions of the Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Australian Charities and Not-for-Profits Commission Regulations 2013 (Cth); and

c) gives a true and fair view of the financial position of Warriewood Surf Life Saving Club Inc. as at 30 April 2023 and its performance for the year ended on that date;

2. The accompanying statement of comprehensive income is drawn up so as to give a true and fair view of the profit (or loss) of the association including fundraising appeals for the last financial year;

3. The statement of financial position is drawn up so as to give a true and fair view of the state of affairs of the association including fundraising appeals as at the end of the financial year;

4. The provisions of the Charitable Fundraising Act 1991 (NSW), the regulations under the act, and the conditions attached to the fundraising authority have been complied with by the association;

5. The internal controls exercised by the association are appropriate and effective in accounting for all income received and applied by the organisation from any of its fundraising appeal;

6. At the date of this statement, there are reasonable grounds to believe that Warriewood Surf Life Saving Club Inc. will be able to pay all of its debts as and when they fall due and payable;

7. The accounts and associated records have been properly kept during the year;

8. Money received as a result of fundraising appeals conducted during the year has been properly accounted for, and;

9. The principal activities of the association during the financial year were the provision of lifesaving services and no significant change to these activities has occurred.

The accounts of the Association have been made out in accordance with applicable Accounting Standards, other mandatory professional reporting requirements, the provisions of the Associations Incorporation Act 2009 (NSW), Australian Charities and Not-for-Profits Commission Act 2012 (Cth) and the Charitable Fundraising Act 1991 (NSW).

This statement is made in accordance with a resolution of the Committee and is signed for and on behalf of the Committee in accordance with subsection 60.15 (2) of the Australian Charities and Not-for-Profits Commission Regulation 2013 (Cth) and other requirements by:

**President:**

John Dulieu

# Compilation report

**Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195**

**For the year ended 30 April 2023**

Compilation report to Warriewood Surf Life Saving Club Inc.

We have compiled the accompanying special purpose financial statements of Warriewood Surf Life Saving Club Inc., which comprise the statement of financial position as at 30 April 2023, statement of profit and loss and other comprehensive income, the statement of changes in equity, the statement of cash flows, a summary of significant accounting policies and other explanatory notes. The specific purpose for which the special purpose financial statements have been prepared is set out in Note 1.

## **The Responsibility of the Committee Members**

The committee of Warriewood Surf Life Saving Club Inc. is solely responsible for the information contained in the special purpose financial statements, the reliability, accuracy and completeness of the information and for the determination that the basis of accounting used is appropriate to meet its needs and for the purpose that financial statements were prepared.

## **Our Responsibility**

On the basis of information provided by the Committee we have compiled the accompanying special purpose financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements and APES 315 *Compilation of Financial Information*.

We have applied our expertise in accounting and financial reporting to compile these financial statements in accordance with the basis of accounting described in Note 1 to the financial statements. We have complied with the relevant ethical requirements of APES 110 *Code of Ethics for Professional Accountants*.

# Independent Auditor's Report

Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195

For the year ended 30 April 2023

## Qualified Opinion

I have audited the accompanying financial report, being a special purpose financial report, of **Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195** (the Association), which comprises the statement of financial position as at **30 April 2023**, the statement of profit and loss and other comprehensive income, statement of changes in equity, statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information, and the responsible entities' declaration.

In my opinion, except for the effects of the matter described in the *Basis of Qualified Opinion* section of my report, the financial report of the Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195 as at 30 April 2023 presents fairly in all material aspects the financial position of the Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195 and its financial performance for the year then ended in accordance with the basis of accounting described in Note 1 to the financial report and satisfies the requirements of the Charitable Fundraising Act 1991 (NSW), the Associations Incorporation Act 2009 (NSW), the Australian Charities and Not-for-Profits Act 2012 (Cth) and the Club's constitution including:

a) giving a fair and true view of the registered entity's financial position as at 30 April 2023 and of its financial performance for the year ended; and

b) complying with Australian Accounting Standards to the extent described in Note 1, and Division 60 of the *Australian Charities and Not-for-profits Commission Regulation 2013*

## Basis of Qualified Opinion

It is not practical for the Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195 to maintain an effective system of internal control over donations and fundraising activities until their entry in the accounting records. Accordingly, my audit in relation to donations and fundraising activities was limited to amounts recorded.

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of my report. I am independent of the registered entity in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to my audit of the financial report in Australia. I have also fulfilled my other ethical responsibilities in accordance with the Code.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

## Emphasis of Matter - Basis of Accounting

I draw attention to Note 1 to the financial report, which describes the basis of accounting. The financial report has been prepared for the purpose of fulfilling the Association's financial reporting responsibilities under the Charitable Fundraising Act 1991 (NSW), the Associations Incorporation Act 2009 (NSW), the Australian Charities and Not-for-Profits Act 2012 (Cth) and the Club's constitution. As a result, the financial report may not be suitable for another purpose. My opinion is not modified in respect of this matter.

## Responsibility of the Committee for the Financial Report

The Committee of the Association is responsible for the preparation of the financial report that gives a true and fair view and have determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Associations Incorporation Act 2009 (NSW), Charitable Fundraising Act 1991 (NSW) and the Australian Charities and Not-for-Profits Act 2012 (Cth) and the needs of the members. The Committee's responsibility also includes such internal control as the Committee determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee is responsible for assessing the Association's ability to continue as a going concern, disclosing, as applicable, matters relating to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the registered entity or to cease operations, or have no realistic alternative but to do so.

## Responsibility of the Committee's for the Financial Report

The committee of the Association is responsible for the preparation of the financial report that gives a true and fair view and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-for-Profits Commission Act 2012 (Cth), the Associations Incorporation Act 2009 (NSW), Charitable Fundraising Act 1991 (NSW) and the needs of members. The responsible entities' responsibility also includes such internal control as the responsible entities determine is necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

## Auditor's Responsibilities for the Audit of the Financial Report

My objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. As part of an audit in accordance with the Australian Auditing Standards, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentation or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my auditor's report. However, future events or conditions may cause the Associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

I communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in the internal control that I identify during my audit.

## Auditor's Independence Declaration

**Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195**  
**For the year ended 30 April 2023**

To the Members of the Committee of Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195

In accordance with the requirements of section 60-40 of the *Australian Charities and Not-for-Profits Commission Act 2012 (cth)*, as auditor for the audit of Warriewood Surf Life Saving Club Inc. ABN 95 461 578 195 for the year ended 30 April 2023, I declare that, to the best of my knowledge and belief, there have been:

(i) No contraventions of the auditor independence requirements as set out in section 60-40 of the *Australian Charities and Not-for-profits Commission Act 2012* in relation to the audit; and

(ii) No contraventions of any applicable code of professional conduct in relation to the audit.

BEN HARGY

## Sandancers 22-23 Season Summary

The Warriewood Beach team would like to thank the Club for its support over the 2022-23 season, especially our Club Surf Sports Official Cathy Milliken for fulfilling Warriewood's officials' responsibilities with such enthusiasm and care for team members.

At time of writing, the master's beach team has received the Branch Surf Sports Team of the Year for the second year running and are off to the NSW awards night on the 26th of August. The club proper will be going as the SLSSNB Club of The Year and we are so proud to be part of this great organisation that strives for best practice in areas such as training one of communities' best assets-volunteer lifesavers.

Below is a summary of racing activities, which have been the busiest year to date for the team.

International Lifesaving Federation World Championships- September

After some Gold Medal results at "Rescue 2017" in Adelaide, the Team of Chris Macdonald, Beno Hargy and Adam Gee (in running order) signed up to "Worlds' 2022, Riccione Italy", aiming for two in a row.

Thanks again to those generous members who contributed to our entry fees through the GoFundMe page. There was no break following Aprils' Aussies and training continued through winter.

After long haul flights, fast trains and language challenges the crew met up with the rest of the Australian Masters contingent at the Italian Holiday destination on the Adriatic Sea. Riccione, part of Rimini spanned a similar length as Australia's Gold Coast, of wide, firm and flat beach albeit with a more rustic charm and a hundred beach chairs across its breadth.

Always special times to be sharing the sand with competitors from obscure places such as Bulgaria to a large contingent from Spain, with "pool lifesavers" included the field has vast possibilities.

Australians still led the way in many divisions, with Adam going two in a row for Gold in 50's Sprint. Chris excelled to score Bronze in the 45's, and Beno a solid 6th in Sprint and in the Flags mayhem.

The relay though, has the most emotional attachment as it is bound with responsibility. Macca matched the world's best with "front ended" teams off the start and once Beno arrived in striking distance, our "back ended team" with Gee running anchor gapped the field for first. From down under, to back-to-back Golds over South Africa and the Spaniards.

## Beach Stormers Series – October to December

Most competitors had a run or two at the SLS

NSW's new "Fast Five" style series aimed at providing more events for competitors to again race fitness in the lead up to the major Championships. Runners enjoyed the variety of venues which started at North Steyne, followed by Maroubra and Terrigal to cover the three Sydney branches. Beno covered all three which was a contributor to a season total of 29 race legs, the most for an Australian Masters Competitor.

## Manly Australia Day Weekend Carnival- January

Kyle Ambrosius, Josh Powell and Dylan Calderon (in finishing order) had their first run at the historic Manly Australia Day Weekend Carnival. With strong runs in the Open Semi-Final against interstate fields, just missing progression in the sprint and having some good practice in the flags

## SLS Sydney Northern Beaches Branch Carnival- February

The sun was shining for branch at Collaroy, with Warriewood being the dominant men's beach club North of the bridge taking out the Open Men's Relay (Kyle Ambrosius, Dylan Calderon, Joshua Powell and Adam filling in) and the Master Team (Glen Bauder, Hargy, Iain Archer, McDonald) winning the 170's category whilst also medalling in the opens. Individually, Powell was Gold in 19's sprint and flags and career best Silver in Open Sprint. In the same race Gee was 4th, Kyle and Dylan 5th and 6th and Beno was 8th. Dylan also Bronze in 19's Sprint, Silver Flags. Masters' sprints with Bauder Silver 55's, Adam Gold 50's, Beno in an upset Gold 45's over Archer and Chris.

## NSW Titles- March

A rare local state championship location at North Steyne/Queenscliff survived a weather scare to run in 23 after an east coast low cancellation in 22.

Warriewood had Calderon and Powell in the 19's, with Josh making the NS sprint final for fifth and both close to top ten in flags in the QC flag pit. Isaac Clark made his return after surgery to run an opens heat, while Ambrosius made his first state final. Warriewood were looking good for Bronze in the Men's relay final, but officials called a break on a change which did the same to the boys' hearts on the cusp of their career best result.

In the masters' individuals, Glenno put his new hip to good use with Bronze in 55's, favourite Gee face-planted in the heat to open up the 50's and Archer ran his seasons best for Gold, Macca Bronze and Beno 4th in a great 45's battle. "Bracket Creep" happens on sand too after Macca pulled out of relay with injury, and Bauder joined Hargy, Archer and Gee to win Gold in their first run of the older 200 division.

## Australian Titles- March

Every four years or so, east coast lifesavers travel to Scarborough Beach, Western Australia for their turn hosting Aussies. Amazing, iron ore funded beachfront infrastructure awaits with the flag pit surrounded by a horseshoe of terraces known as the "cauldron" being a central meeting place for crowds. 23 was the second year the Warriewood Sandmen have had a relay team in both Open and Master's at what was claimed to be the event with the most competitors at a sporting event in the southern hemisphere. Our extraordinary volunteer Cathy also made her first trip to officiate where the sun sets over the sea.

The going is tough as expected at the big show but the Open Relay team of Calderon, Clark, Ambrosius and Powell successfully navigated the heats overcoming the pressure of past fails to make their first Aussie final and come in 7th. A great result. Individually, Josh, Dylan and Kyle made semis to get important runs in the tank under the pressure of the crowds that will bide well for the future. In the masters, Iain sat out of the rotation leaving Glenno, Beno, Macca and Gee to bring home Warriewood's 8th Aussie Relay Gold in the deepest sand on tour. Individually Bauder was solid in 5th in 55's, Gee is becoming all time with another Gold in 50's and Beno came home in the last 20 for a career best of Silver in sprint.

## 2023/24 Season incoming

All nine runners have declared intention to continue into the next season. Which is a big one with Beachstormers, Queenscliff State, a Sunshine Coast Aussies and Worlds in August 2024 with our deepest ever fields at lifesavings' spiritual home on the Gold Coast. As always, we would love to have more runners or officials join our team, at whatever level of competition as the more the merrier. Come say hello on a Sunday morning.

Good Times Ahead

## Chieftain Challenge 2023 Martin Carlisle

On the call of the new local State Member of Parliament, Rory Amon, the Chieftain Challenge got off on an overcast April morning. This was after dangerous surf forced the event to be cancelled in April 2022 and then again in December. 1km and 2km courses were set with a total of 152 entrants taking part including 21 who completed both courses. The event was well supported by a contingent of helpers in setup, water safety, registration and pack up.

Thank you again to our major sponsors, Catfish and Sunrise Café. And to Vaikobi, Ecodownunder and Boost for the prizes. Reverting back to the old course of Turimetta to Warriewood is under consideration for the 2024 Chieftain, with February looking like a preferred date.

# presentation night

@PITTWATER RSL

## Award

## Name

SRC Female Rookie of the Year	Arianna Rich
SRC Male Rookie of the Year	Lucas Hinds
Bronzie Rookie of the Year	Catriona Speirs & Ella Robertson-Hanning
Trainer of the Year	James Leggett-Budden
Assessor of the Year	Cam Powell
Masters Athlete of the Year	Adam Gee
Athlete of the Year	Josh Powell
Surfs Sports Team of the Year	Masters team: Adam Gee, Ben Hargy, Glen Bauder, Chris Macdonald, Iain Archer.
Official of the Year	Cathy Milliken
Surf Lifesaver of the Year	Craig Perry
Young Surf Lifesaver of the Year	Max Hindman
Patrol Captain of the Year	Darren Speirs
Patrol of the Year	Patrol 09 - Craig Perry
Alexander Raikuna	
Craig Perry	
Daniel Paavola	
Elizabeth Campbell	
Emma Davies	
Jennifer Spencer	
Lucas Raikuna	
Luka Swain	
Matthew Carey	
Matthew Harris	
Melanie-Jane Brock	
Rick Harris	
Sandra Raikuna	
Terence Dorahy	
Thomas Dorahy	
Will Campbell	
Rescue of the Year	3 members of Patrol 12 – SRC's Madison Gibson, Jacob Gray, Jaime Pfeiffer"
Administrator of the Year	Libby Vanderlaan
Volunteer of the Year	Neal McCarry
Club Person of the Year	Adam Kovac
Club Family of the Year	Speirs family (Darren, Liz, Catriona, Morganne, Jaimie)

### WARRIEWOOD SLSC PARTNERS

### SLSSNB, SLNSW, SLSA PARTNERS

# sponsorship

## DOM LYNCH - SPONSORSHIP

It was fantastic to see our established sponsors continue their support of Warriewood SLSC. Thank you once again to Ecodownunder, DPS, Double Impact Displays, Peaston Legal, Beaches Dental Mona Vale and Keysun for your ongoing commitment to ensuring we can continue to do what we do best. I would also like to welcome Boost Juice Pittwater as a fantastic new sponsor of our junior athletes. Our Nipper's programme was, once again, supported by Network 10. The support from Network 10 is significant and is essential in ensuring that our Nippers are consistently some of the most capable on the Northern Beaches.

Pittwater RSL has extended its invaluable support to our Inflatable Rescue Boat (IRB) programme. As a direct result of the support Pittwater RSL, the club has been able to procure 2 new IRBs, 4 new patrol engines, multiple driver, and crew lifejackets, as well as allowing us to meet the ongoing running costs of these critical pieces of lifesaving equipment. Our drivers and crews are regularly called out to undertake rescues in the challenging conditions at Warriewood and the infamous Blowhole. The establishment a rolling 5-year programme for the provision, maintenance and replacement of new, rescue-ready equipment is so important for

the Club, and the safety of the beachgoers, and the local community.

The weather gods were on our side once again this year, and the Chieftain Challenge Ocean Swim was a huge success. We are extremely thankful to Catfish and Sunrise Café for their continued support of the event, and we look forward to welcoming the ocean swimming community to Warriewood again next season!

We certainly could not have had such a great season without our sponsors. Thank you for your continued support and we look forward to seeing you all on the beach next year.

# vale

## JOCK MACKAY AND ROSS JORGENSEN

### JOCK MACKAY

It is with great sadness that we advise the passing of Warriewood SLSC Foundation Member, Jock Mackay on Wednesday the 4th January, 2023.

Jock was born in Glasgow on 13/2/1932 and when war broke out in 1939, he was moved to Bolton in Lancashire, UK for 4 years for safety. Jock was a smart kid and in 1949 when he left Senior School to come to Australia he was dux of his year.

Jock first met the great love of his life June when they were in the same kindergarten class at aged 4. Jock arrived in Australia on 17/11/1949 and initially lived at the South end of Warriewood Headland with the Glenny and Longley families.

June arrived in Australia in 1954 (with Jock's mother) and they were engaged 2 weeks later and married at St Faith's Church, Narrabeen on 7/12/1955.

Jock and June were happily married for 64 years and had 3 children: Alison, Gillian and Robert.

One month after arriving in Australia Warriewood SLSC was formed with Jock as a Founding Member and Membership Number 0001! Surf Life Saving became Jock's 2nd true love and surfboats, rowing and sweeping the foundational passions of his life.

Jock was involved in Surf Life Saving for over 70 years. In the early years he was made Boat Captain and Vice Club Captain then he went on to be Treasurer, Vice President then President for 13 years and Life Member in 1975. In the year 2000 he received

the Queen's Royal Award for Sporting Achievement, Life Membership of the Northern Beaches Branch of Surf Life Saving and significant recognition for 70 years of active membership of Warriewood SLSC.

When June passed on 26/12/2021, Jock was devastated but continued to live a fruitful life writing many stories of their wonderful life together and researching their family genealogy.

Jock lived life to the full, had no regrets and unapologetically did things his way...some of his last words were very simple..." Surf Life Saving was one of the most important things I did in my life then lastly "I have had a Marvellous Life".

Rest in Peace Jock. Warriewood Surf Life Saving Club thanks you for your lifetime contribution.

### ROSS JORGENSEN

Ross Jorgensen made a unique contribution to surfboat rowing in the SLSC arena spanning almost 50 years as an oarsman, sweep, coach, mentor and official. He was selected in three Australian representative teams and several NSW State and Manly Warringah Branch representative teams.

Ross joined Warriewood SLSC for the 1971 season. He soon established himself at Warriewood and had early success winning a NSW State Championship rowing in 1973. In conjunction with Roger Ninham, his great friend and crewmate from Mosman, he ushered in a new approach to surfboat rowing. His crews were lean, superbly fit and technically capable.

He was meticulous about boat rigging. It was as a sweep and boatman that Ross excelled above his peers. His earlier surfing days and knowledge of the sea became his greatest asset and he applied it expertly to the benefit of his crews.

He sat in rare air so far as results in Australian Championship finals are concerned. He coached Warriewood to their first Australian Open gold at Bancoora in 1977. The following year, as a sweep, he achieved silver at Kingscliff, then gold in 1979, 1980 and 1981 (Trigg Island, Maroochydore and Wanda respectively). Wanda presented a double reward for him as he swept the Reserve crew to a gold medal immediately after the A crew final. In doing so, Warriewood achieved back to back wins for both A and Reserve crews, the A crew achieving gold in three consecutive championships.

Ross subsequently took Bungan Beach to gold medal wins in 1985, and 1986 (Point Leo and Moana) then placed in the next two championship finals (Scarborough and Cronulla) adding to A crew placings he had earlier achieved with Queenscliff in the mid 80's.

This was an extraordinary achievement. Ross continued his involvement and success for many years in womens and masters competition at a number of northern beaches clubs. He maintained an active interest in coaching and mentoring local and interstate crews, particularly South Australian crews where he eventually moved to in order to support his sister in 2019. He will be missed by his many friends and rowing colleagues who acknowledge the loss but recognise the significant legacy he has left the sport.
